How to measure KITCHEN COUNTERTOPS

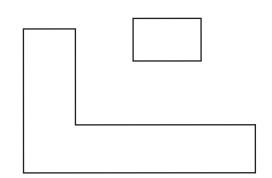

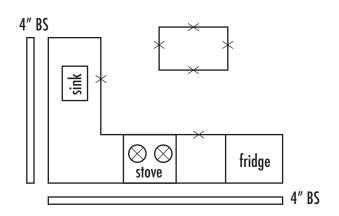

Items needed: Pen, Paper, Tape Measure

STEP 1: MAKE A DIAGRAM

Sketch the basic shapes in the area.

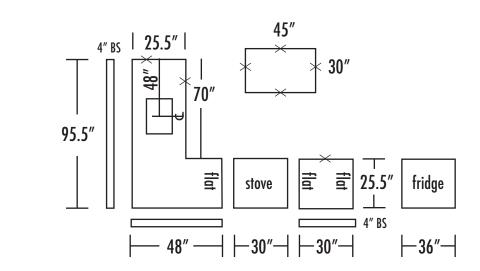

STEP 2: MARK LOCATIONS

Mark the locations of the sink, dishwasher, fridge, stove, window, backsplash, and polish edge.

STEP 3: MEASURE DIMENSIONS

Use your measuring tape to find the length of each side and write down the measurement next to the corresponding location on your diagram.

STEP 4: CONTACT US
