

EARTH ART
KITCHEN & BATH

WE HAVE STREAMLINED OUR APPROACH

To ensure your project starts smoothly and stays on track:

- ✓ IN-HOME CONSULTATION
- ✓ ESTIMATE & CONTRACT
- ✓ SELECT MATERIALS
- ✓ FINAL DESIGN AND BUILD

HERE'S HOW

IN-HOME CONSULTATION

We begin by visiting your home to discuss your goals, assess the space, and take precise measurements to help us understand your needs firsthand.

INITIAL CONTRACT

Within 3-5 business days, we'll provide a detailed initial estimate outlining the scope and investment to provide a clear scope of work with a price range of cabinets and project finishes.

We will provide a payment schedule and approximate timeline for the start of your project. The initial contract will also provide realistic allowances for your finish materials (Cabinets, Countertops, Flooring, Fixtures, Backsplash, etc.).

YOUR COMMITMENT

If you're happy with the pricing, sign our preliminary contract and deposit to move forward. This approval lets us dive into the fun part, material selections, and design work tailored to your style and budget, leveraging our extensive showroom.

MAKING SELECTIONS

An appointment with a design representative will be made within a week to finalize selections (Cabinets, Countertops, Flooring, Fixtures, Backsplash, etc.). Our showroom is a one-stop shop where you can explore all your options!

FINAL DESIGN AND BUILD

Once selections and the scope of work are finalized, we lock in a detailed plan and final pricing/payment schedule and schedule a preconstruction meeting at your home. At this meeting, your Designer will introduce you to your Project Manager, who will help bring your vision to reality.

We will walk through the entire project, noting all the specific details needed to make your dream space a reality. Your Project Manager will be your main point of contact and oversee our highly skilled in-house crew and trusted subcontractors.

**THANK YOU FOR TRUSTING EARTH ART KITCHEN
AND BATH FOR YOUR HOME PROJECT!**

This process ensures we focus our expertise where it counts—delivering your dream kitchen or bathroom—while keeping things efficient and stress-free.
